A tip for
a miss
who's
extra
special

If you are an alert young woman, you'll find an "extra special" job at the telephone company.

You'll meet lots of young people your own age... work in pleasant surroundings... receive good pay while you're being trained... get regular raises. And you don't need any experience!

Best of all, you'll be helping almost everyone in your community. Why not find out more about the advantages of telephone work?
